

Sundial is a simple way for seniors and loved ones to stay connected, from anywhere.

Staying connected can be hard. Everyone's on a different platform, with a different device, but Sundial is specifically designed for seniors and their loved ones. We created Sundial to make it easy, for everyone.

The Sundial® app combines the features you use to stay connected every day into a single, seamless experience - group messaging, a shared calendar, interactive lists, and photo sharing, **all in one place.**

Good morning, Dad! Do you need anything?

Added item to Grocery List

Offered to help with an item on the Grocery List

Check In

Say hello or ask how the day's going by sharing a message with the full Care Circle. With group messaging all in one place, it's simple to keep everyone in the loop.

Calendar

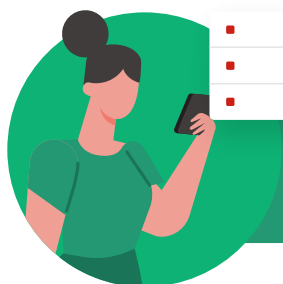

Keep everyone on the same page every day with one simple shared calendar. The full Care Circle can coordinate events, plan get-togethers and share appointment reminders.

Memories

Stay close with shared photos, from a fond memory to a quick selfie. With Sundial photo sharing, the whole Care Circle can feel like they're part of every special moment.

Lists

Bring stray sticky notes and grocery lists together in one convenient place, with shared Shopping, Wellness and To-Do Lists that let everyone see when someone offers to help.

Everything you need.
All in one spot.

Connect with your loved ones today!

- Download the FREE Sundial mobile app.
- Create your own, private Care Circle.
- Invite an unlimited number of members.
